

# BREATHABLE TEXTILE SAFETY SHOE S1P ESD SRC - FITZ

REF: 13010700000FITZSJ

### Description:

Fitz is one of the most breathable safety shoes that you can put on your feet, specifically designed to ensure long-lasting comfort in hot working conditions. The breathable knitted upper wicks away moisture, creating a cooling effect that your feet will feel thankful for, while the lightweight design and removable SJ foam footbed also add to the comfort. Moreover, Fitz meets all S1P safety requirements. With features such as a steel toe cap and midsole and a slip, oil and fuel resistant outsole that allow you to work in complete safety.

### Features:

- Breathable upper offers increased moisture and temperature management for extended wearer comfort
- Robust steel toecap to protect the feet of the wearer against falling or rolling objects
- Puncture resistant steel midsole to prevent sharp objects from penetrating the outsole
- Energy absorption heel reduces the impact of jumps or running on the body of the wearer
- Slip-resistant outsole is resistant against oil and fuel
- Anti-static ESD properties
