

# BREATHABLE SUEDE BOOT S3 SRC - X2000

REF: 1301070000X2000SJ

## Description:

Mid-cut safety boot designed for daily use with a breathable suede upper, reinforced protective steel toecap and energy absorption heel. Oil and fuel resistant with anti-piercing, slip-resistant, anti-static and waterproof properties.

## Features:

- Breathable suede upper provides a high degree of wearer comfort combined with durability
- Suitable for work in an environment with high humidity and presence of oil or hydrocarbons
- Robust steel toecap to protect the feet of the wearer against falling or rolling objects.
- Puncture resistant steel midsole to prevent sharp objects from penetrating the outsole
- Heel energy absorption reduces the impact of jumps or running on the body of the wearer
- Water resistant Upper (WRU) prevents penetration of water if not permanently exposed to high levels
- The outsole is resistant against oil and fuel
- Slip-resistant, anti-static and waterproof properties

## Composition:

Upper: Waterproof Suede  
Lining: Mesh  
Footbed: SJ Foam
