

DORSAL HARNESS PROTECTOR PS001

REF: 201061200000109PK

Description:

Padding for full body harness shoulder straps. Made of fabric coated neoprene foam. Improves comfort when working in a full body harness, and helps reduce constriction caused by the shoulder straps. Facilitates wearing of a full body harness. Can be used with all types of full body harnesses manufactured by PROTEKT.

Material: Fabric coated neoprene foam
