

SHOE MICROFIBER 3D HI-TECH S1P SRC - BE-FIT

REF: 3010700000B0878PW

Description:

Protective shoe in microfiber fabric with non-metallic toecap and anti-perforation insole. Footwear with energy absorption in the heel area and non-slip sole resistant to oils and hydrocarbons. Metal-free, with antistatic properties, protects the user against electrical discharges.

Features:

- Energy absorption in the heel area
- Puncture-resistant midsole
- Oil and hydrocarbon resistant sole
- Non-metallic toe cap
- Completely metal-free footwear
- Certified orthopedic outsole
- Anti-static and anti-slip properties

Composition:

Upper: Microfiber + 3D hi-tec fabric

Lining: Breathable 3D technical fabric, fights bacteria proliferation and eliminates bad odors

Insole: Anatomical and removable, guarantees air recirculation

Toecap: Non-metallic, reduced thickness, with a band to avoid pressure and pain in the fingers

Sole: Anti-fatigue, light and flexible

Available colors and sizes: ■ Black/Orange: 36 - 50
