

VALVED DOLOMITE LIGHT CUP RESPIRATOR FFP3 - P304

REF: 30110000000P304PW

Description:

Disposable respirator with a lightweight cup featuring EVA foam under the adjustable nose bridge for extra comfort. Ultrasound welded and metal free, the exhalation valve works efficiently to reduce heat inside the mask and provides comfort when used in hot and humid conditions. DOLOMITE optional clogging test.

Features:

- Dolomite optional clogging test (D) for more comfortable breathing and lasting filtration performance
- Large inner space to help the user to breathe more easily
- High performance exhalation valve reduces heat and provides comfort in hot and humid conditions
- Ultrasound welded elastic strap

Composition: Polypropylene

Color: White
