

3M SECUREFIT 3700 OVERSPECTACLES, BLUE TEMPLES, ANTI-SCRATCH+ (K), CLEAR LENS, SF3701ASP-BLU-EU

REF: 5410971002093403M

Description:

The 3M SecureFit Overspectacles 3700 Series are safety overspectacles designed for people with prescription glasses. They feature adjustable ratchet temples with Pressure Diffusion Temple (PDT) technology to ensure a close fit and a soft touch nosepiece to help provide comfort. The polycarbonate lens is available with 3M Scotchgard Anti-Fog and anti-scratch coatings for increased durability and improved vision.

Features:

- They offer excellent coverage and field of view, combined with a high level of impact protection
- Adjustable length of the arms (four positions) for better comfort and fit
- Tilting lenses for easy adjustment and maximum comfort
- Smooth, low-profile temples for comfort and minimal interaction with prescription glasses
- Lens marking: 2C-1.2 3M 1 FT K N

Composition:

Polycarbonate

Colors:

Lens: Clear

Frame: ■ Blue
