

3M AURA PARTICULATE RESPIRATOR FFP2 UNVALVED - 9320D+BULK

REF: 5411071002413133M

Description:

The 3M Aura 9320+ particle mask provides FFP2 respiratory protection with a folding 3-panel design, low breathing resistance and a sculpted and raised top panel that allows for reduced fogging of the eye protection. Includes an innovative chin flap for easy adjustment and the headbands are color coded for quick and easy identification.

Features:

- Economical, requires little maintenance and is easy to handle
- Reusable half mask designed with simplicity in mind
- Easily adjustable headrest and neck strap attachment
- Lightweight elastomeric material for comfort while working during a long period
- Discreet design minimizes interference with the field of view
- Dual filter for even weight distribution and minimal field of view obstruction

Weight: 10 grams

Color: White

Shelf life: 3M™ Aura™ Particulate Respirators 9300+ Series have a shelf life of 5 years from date of manufacture. End of shelf life is marked on the product packaging and upon the product.
