FLAME RESISTANT REFLECTIVE TAPE

## Description:

Fire-retardant, anti-static coverall made with an innovative lightweight, twill fabric. Features triple stitching throughout the garment for greater performance even in the toughest environments. It's antistatic properties prevent the build-up of electrostatic energy on the user. With a central two-way zip hidden by a velcro closure flap, velcro closure pockets on the lower limbs and velcro adjustable cuffs. The fire-retardant reflective tape provides greater visibility and the garment allows for industrial washing up to 25 washes.

## Features:

- Class 1 Welding Protection
- Antistatic properties
- Velcro pockets on the lower limbs
- Two-way zip closure with Velcro fastening for easy access
- Velcro adjustable cuffs

**Composition and density:** 98% Cotton / 2% Antistatic fiber - 220 g.
