

3M SECUREFIT 201 SAFETY GLASSES, ANTI-SCRATCH / ANTI-FOG, CLEAR LENS

REF: 5410971001119903M

Description:

3M SecureFit safety glasses consist of rimless lenses and fixed-length temples. Include an integrated side shield for added protection. Impact protection against high speed particle at low energy (45m/s).

Features:

- Goggles that fit a wide range of head sizes
- Temples feature pressure diffuser technology to diffuse pressure in the ear and increase comfort
- Anti-scratch and anti-fog coating for greater durability and better visibility
- Extremely light, only 18 grams
- The flat and flexible earpieces make them very popular to use in combination with ear protectors.
- Wraparound design to improve fit security and reduce slippage
- Optical class: 1
- Lens marking: 2C-1.2 3M 1 FT

Composition:

Polycarbonate

Colors:

- Clear
